Trust Membership No:-...2739161.....

Seconder Name:-Hamish Dick..... Signed Hamish Dick

Trust Membership No:-.....2014251.....

SECTION 2

1. That the Trust Board remove Stuart Brown as Chairman and a Director of Stirling Albion FC Club Board at the end of this current football season.
2. That the Trust Board remove John Daly as a Director of Stirling Albion FC at the end of this current football season.
3. That steps are taken to amalgamate both the Club Board and Trust Board into one body. The Chair of this new Board shall be in control of both Club and Trust.

SECTION 3

Given the current form of the football club of which Stuart Brown has been Chairman and a Director for a number of years, I believe a change has to be made in order to save the Club from losing its place and future in the Senior game in Scotland. Stuart Brown has failed to take this Club forward and its sad to see the Club struggle at present. We need to replace Stuart Brown in order to ensure the survival of the Club.

The recent disclosure of the Trust Board that both Mr Brown and Mr Daly refused to attend for a Trust Board meeting unless a Trust Director Mr Ian Doyle was not present casts more reason to remove these men from the Club Board.

Regarding John Daily for a Supporters Liaison Director his comments published on the Club Website leave a lot to be desired from a person who is supposed to help foster good relations with Supporters.

Why do we need two Boards ? The sooner both Boards are amalgamated the better.
